

Sea Glass Christmas Tree

Learn how to make a beautiful DIY sea glass Christmas tree topped with pretty starfish ornament.

Age Group: Adult Crafts Project Type: Christmas

Supplies

- Sea glass in assorted shapes, sizes and colors and with enough to cover cone fully.
- 1 Paper Mache cone 7" high
- 1 starfish embellishment
- 1 toothpick
- Acrylic paint in white
- paintbrush
- hot glue gun with clear glue sticks
- awl

Instructions

1. Poke a hole through the top of the paper mache cone.

2. Using a medium sized paint brush, paint the paper mache cone and toothpick in white.

3. Glue the painted toothpick to the back side of the starfish.

5 from 6 votes

4. Glue the seaglass pieces to the cone starting at the base.

5. Continue glueing the seaglass by layering over top of the previous row of seaglass.

6. Continue until the cone is covered with seaglass.

7. Insert the starfish toothpick into the hole at the top.
