

Paper Halloween Luminaries

Easily create these paper Halloween luminaries with some crayons or colored pencils and some paper!

Age Group: Adult Crafts, Kids Crafts Project Type: Halloween
Author: Amanda Formaro

5 from 2 votes

Supplies

For each luminary:

- Sheet of 8.5" x 11" white paper
- Crayons or colored pencils
- Clear tape
- Battery operated tea lights
- Glass jars
- Black Sharpie optional - if drawing your own designs
- [Paper Halloween Luminary Patterns](#)

Instructions

1. Print each pattern on white paper.
2. Color in with crayons or pencils.
3. Roll paper into cylinder and tape closed.
4. Turn on tea light and place inside glass jar.
5. Place paper luminary over the jar.
6. Turn out the lights!

Expert Tips & FAQs

If you draw your own designs, use an 8.5" x 11" sheet of printer paper placed horizontally. Draw your design in the center. Remember you will roll the paper into a cylinder and if your design is too wide the whole thing won't be seen at the front of your luminary.
